

John Doe

Web Developer

WELCOME

Hi, my name John Doe and I professional online Web Developer. My residence based in Ukraine. If you need a developer, check out my latest work and [read through my CV \(pdf\)](#).

To contact me you can fill out contact form in the Contact section or drop me an email at support@gmail.com.

STATEMENT

For five years I have been doing web development. In our projects, I try to use the latest technology and improve their skills in this area.

The main development tools are HTML, CSS 3, PHP, jQuery...

I'M USED THIS TECHNOLOGY

An all round web aficionado with 6 years of commercial experience who is always looking to work on exciting projects with exciting clients. Full of energy, experience, hard work and enthusiasm. Sees technology as a way of facilitating and improving communication between users, understanding that people come before technology. A whizz at XHTML, CSS, JS, PHP, MySQL, SEO, and more... Currently re-learning Ruby-on-Rails.

Works

BY CATEGORY

My recent work carried out to order online
